Roberto J. Williams, *Universidad Mar del Plata, Argentina*

Prof. Roberto J. J. Williams obtained a PhD in Chemistry from the University of La Plata (Argentina, 1972). He is Professor at the Department of Chemical Engineering, University of Mar del Plata, Argentina, and member of the National Research Council (CONICET). He was the organizer and first Director of the Institute of Materials Science and Technology (INTEMA).

His main research areas are cross-linked polymers and polymerization-induced phase separation. He has co-authored more than 210 papers in international journals, 17 book chapters and 2 books. He is co-editor of a recent book on epoxy polymers.
